

To Whom it May Concern,

We have been working together with Deborah Short of Vineyard Homes, LLC. on the planning, design and construction of our new home which was completed in October, 2017. We have had an excellent experience working with Ms. Short on this project. We would like to outline some of the very positive aspects of our collaboration with Vineyard Homes.

1. Vineyard Homes/Deborah Short has excellent sub-contractors working together with her to complete home construction. Her cabinet maker, tile installer and framers in particular were easy to work with and provided excellent service to us.
2. Deb provided us with outstanding resources throughout the design-build process so that we could have adequate input into the whole procedure of building our home. All of the local resources she provided to us were creative and helpful along the way.
3. Deborah Short is very knowledgeable, knows construction and has a great design sense so that she was able to assist us to problem solve and come up with creative design solutions when necessary. She has a keen sense of design.
4. We found that Deb's openness to new ideas made her very easy to work with and communicate with as we worked to create a home that would suit our needs and lifestyle. She is easy to reach by text and kept in touch with us even on weekends or evenings to help keep to the schedule of the building process.

We would highly recommend Vineyard Homes/Deborah Short to anyone considering building a new home or a home renovation. Deb's willingness to help, pleasant and fun personality and personal knowledge and experience contribute to her being an outstanding contractor and business partner during the process of building a new home.

Our home is exactly as we would like it to be and we anticipate many happy years here as we enjoy every aspect of its design and quality construction. Our thanks go out to Deb for the great work and for the beautiful home we now have to enjoy.

Sincerely,

Christine and Robert
